The matter of the starting hour for the games, the se lection of the umpires from the two leagues, giving official sanction for the playing of the series and other details of lesser consequence were taken up in

The commission, composed of Ban John son, Garry Herrman and Governor Tener, were assisted in their work by President Gaffney and Manager Stallings, of the Boston club, and President Shibe and Manager Mack, of the Athletics.

This afternoon the Commission plans to witness the Phillies-Brooklyn game at Broad and Huntingdon streets, at 3 o'cleck. This is the beginning of the final series to be played by Doein's men in Philadelphia this year. Training Table Idea of Coach Brooke at Penn Thought to Be a Very Wise Move.

By EDWARD R. BUSHNELL

Disciplining lagging football players by dropping them from a training table is something new in gridiron strategy. But hereafter any man who partakes of the carefully selected food at the Pennsylvania training table will have to play football up to the standard set by Coach terday recommended to the West Point George H. Brooke. This training table is athletic authorities that all negotiations to be an exclusive place, and a sent there with Annapolis for the arrangement of will be a seat of honor. Eleven players

vation, and the idea is a good one. There is no ground for any of the men dropped yesterday and sent back to their own homes or boarding houses to get their meals to feel that they have been unfairly dealt with. Every player now knows that he has set before him a standard of efficiency which, if he maintains, will assure him a place of honor at the Quaker train-ing table. Fallure to meet it means that he will be summarily dropped. Still there will be summarily dropped. Stit there will be no limit to the number of players who may be at the table. As Captain Journeay said, in commenting on the new rule, they would have 50 men at the table if 50 men could be found who measured to the table to the summaries. ured up to their standard.

Perhaps it was this drastic ruling on the coach's part that put new life into the Quaker eleven yesterday. Anyhow, the varsity regulars went at the scrubs with more spirit than they have shown any time this season. In 15 minutes' time the regulars took the ball across the scrubs' goal line three times. Two of touchdowns were made by Merrill a the third by Avery. This big halfback took a long forward pass from Irwin, who replaced Merrill at quarterback, and then dashed 40 yards down the field for the

Since gaining the lead on September when they defeated the Glants in deciding game of a series in Bos-the Braves have not been headed During the long spurt from July 18 to September 8, the Braves won 34 and lost 10 games, and while at the top in sole possession of the berth, had gained 15 victories in 18 games up to yesterday. On July 9, when the Braves were supposed to be anchored for the season in last place, with 26 victories and 40 defeats, the uplift movement began with a double victory over the Dodgers, and since that date the Braves have wen 58 and lost 16 games, a percentage of .784.

Having set a new mark for complete eversal of form, the Boston Braves are now prepared to give battle to the Athetics for the world's baseball championship. This National League club, whose movements on the field have been directed during the last two years by George Stallings, has upset precedent by making the most remarkable pennant run ever recorded in the major leagues.

Connie Mack once remarked that it took five years to build up a winner. Stallings has demonstrated that if there are any rules regarding the development of a tri-umphant club, there are exceptions. He has made the pennant prognosticators of the land look foolish by coming to the fore in an almost miraculous manner, when it was generally forecasted that his club would not finish a good eighth.

There were a few, very few, who, prior to the opening of the National League, averred that Stallings' men had a chance

The question concerning the club's race to the flag is not "Now you have won it, what are you going to do with it?" but "How did you do it?" Just how is indeed a matter that puzzles the baseball world. The simple answer, of course, is that the Braves played the best ball in the National League. But baseball world.

There's two or three Bill Jameses loose. | the John Bull visitor look like a novice. The name's been put in gen'ral use by guys with pitchin' wings.
